

- To avoid breakage during the wash cycle, place glasses so that they don't touch each other.
- Always put the glasses in the upper compartment of the dishwasher.
- Stemmed glasses shouldn't be placed in the corners in order to let the washing liquid reach all items.
- To keep the shininess of your glasses respect the washing programs, the amount of detergents, the temperature and check the mildness of the water. Rather choose a short and low temperature program.
- Always use a non abrasive cleaner.
- Keep the dishwasher's filter, helix and pipes clean.
- Always wash new glasses before use.
- Rinse glass as soon as possible after use.
- Use a towel to dry your glasses but do not use any softener or strengthener to wash your towels.
- Let the glasses cool down before polishing them and use a cotton glass polishing towel.
- Glasses, in particular wine glasses, should be placed foot down otherwise they could take some smells and so alter wine aroma.
- When using ice to make a drink, always use an ice scoop, never scoop the ice with a glass.
- Never stack non-stackable glasses.
- Avoid handling glasses in clusters.
- Avoid twisting the base and the bowl in opposite directions whilst drying.
